Product Name	Vertical Trio Wall Lamp
SKU / Product Code	P-WL-026-02
Category	Wall Lamps
Brand	Pencilight
Installation Type	Wall Mounted
Environment	Indoor dry location
IP Rating	IP20
Compliance / Certificates	CE, RoHS Compliant Standards

Photometric & Lighting Source

Light Source Type	LED Strip
Bulbs Included	Yes/Integrated
Socket Type	Integrated LED
Power Rating	35W
Color Temperature	3000K Warm

Product specifications and technical data may change without prior notice to improve performance and reliability. Product images are for reference only and may vary slightly from the actual product. Please refer to the official technical datasheets for accurate details and terms.

Color Rendering Index (CRI) >80

Lumen Output 4500 Lm

Light Effect Harmonic Circle Lighting.

Electrical Specifications

Main Voltage 220-240V

Frequency (Hz) 50/60 Hz

Dimmable No

Dimming Type N/A

Driver Type **No**

Physical Dimensions & Materials

Body Material Stainless steel + Carbon Steel

Product Color Black

Height (Body) 120 cm

Width/Length 9 cm/36 cm

Net Weight (kg) 3.4 kg

Package Weight / Volume (kg) 4.26 kg

Installation & Safety Guidelines

- Switch Off Power:** Turn off the main electrical power at the circuit breaker before starting the installation to prevent any risk of electric shock.
- Mount the Bracket:** Place the wall mounting bracket against the wall, align it perfectly, and secure it firmly using the provided wall plugs and screws.

3. Electrical Wiring: Connect the fixture's wires to the main power supply (220-240V) carefully. Ensure all wire connections are safely insulated using terminal blocks or electrical tape.

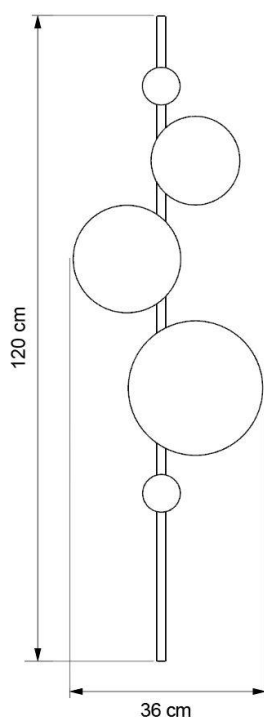

4. Fix the Lamp Body: Align the main body of the wall lamp with the secured bracket, then tighten the side screws (or decorative nuts) to lock the fixture firmly into position.

5. Final Check: restore the power supply, and verify that the lamp illuminates correctly.
