WAVE WALL LAMP

Technical Data Sheet | Product Code: P-WL-027-19

The **Waves wall lamp** is a stunning embodiment of the rhythmic beauty of sand waves. Product specifications and technical data may change without prior notice to improve performance and reliability. Product images are for reference only and may vary slightly from the actual product. Please refer to the official technical datasheets for accurate details and terms.

Main Specifications

Product Name	Wave Wall Lamp
SKU / Product Code	P-WL-027-19
Category	Wall Lamps
Brand	Pencilight
Installation Type	Wall Mounted
Environment	Indoor dry location
IP Rating	IP20
Compliance / Certificates	CE, RoHS Compliant Standards

Photometric & Lighting Source

Light Source Type	Integrated LED Module
Bulbs Included	Integrated LED
Socket Type	LED Module
Power Rating	6W
Color Temperature	3000K Warm

Product specifications and technical data may change without prior notice to improve performance and reliability. Product images are for reference only and may vary slightly from the actual product. Please refer to the official technical datasheets for accurate details and terms.

Light, beautifully

Color Rendering Index (CRI) >80

Lumen Output 660 LM

Light Effect Warm flowing glow inspired by sand waves.

Electrical Specifications

Main Voltage 220-240V

Frequency (Hz) 50/60 Hz

Dimmable No

Dimming Type NO

Driver Type Constant Voltage Drive

Physical Dimensions & Materials

Body Material Stainless steel

Product Color Black + Gold

Height (Body) 45.5 cm

Width/Length 13.6 cm/10.1 cm

Diameter 10.1 cm

Net Weight (kg) 1.16 kg

Package Weight / Volume (kg) 1.42 kg

Installation & Safety Guidelines

1. **Switch Off Power:** Ensure the main electrical power supply is turned off at the circuit breaker before commencing installation to prevent electric shock.

Product specifications and technical data may change without prior notice to improve performance and reliability. Product images are for reference only and may vary slightly from the actual product. Please refer to the official technical datasheets for accurate details and terms.

- 2. Mounting the Bracket:** Place the wall mounting bracket against the designated wall surface, align it properly using a spirit level, and secure it firmly using appropriate screws and wall plugs.
- 3. Electrical Wiring:** Connect the fixture's electrical wires to the mains power supply (220-240V, 50/60 Hz) in strict compliance with local electrical codes and standards. Ensure all connections are perfectly insulated.
- 4. Fixing the Lamp Body:** Align the rhythmic sand-wave body of the Waves Wall Lamp with the fixed mounting bracket and carefully slide or screw it into position until tightly secured.
- 5. Final Check:** Insert the recommended warm light source, turn the main power back on, and verify the bi-directional grazing light effect on the wall. Enjoy the ambiance of WAVES!
